Water, Pale Malted **Barley**, Torrefied **Wheat**, Crystal Malted **Barley**, Target Hops, Goldings Hops, Yeast

### **BOTTLE-CONDITIONED BEERS**

Bottled conditioned beers contain yeast for a natural secondary fermentation. This produces full, fresh flavours and a natural effervescence – and gives you cask-conditioned quality with the convenience of a bottle. Please store your bottles upright. Serve lightly chilled. Pour with care and leave the natural sediment in the bottle.
